

January 24, 2012

Announcements: We are delighted that you have joined us. You may give online on our home page. There is button located in the upper right hand corner.

January 25-29 Leadership symposium down in Tucson, AZ. Please pray for us.

IMI-will be having a joint service with City Fellowship at Jackson, TN this Sunday, January 29

February 18- King's Cupbearer's Single Ministries will be hosting an event that includes a comedian, good food and a great time. These events have become well renowned in central Illinois.

March 30-Will be the ordination service for Apostle Eric and Elder Rebecca. Keep that date and mark it on your calendar. Plan to attend, pray and prepare your seed your seed in advance.

This evening we will be Launching IPTV at 7 pm. You may join us online. Go to www.Ericnewble.com to view the show this evening. Click on the button that says-Watch Live Stream.

Pastor Eric-We just came off our fast. Isaiah 58:1 Cry aloud and spare not, Matthew 17:21 howbeit this kind come not out but by prayer and fasting. We as Christians steal away and turned our hearts toward God. Infidels are ruled by their emotions and their feelings. If they have a bad attitude then you will be aware of it.

The anointing of a double portion was on my heart this morning and I was going to record it when I discovered that my computer was not working properly.

Tonight is going to be the bomb. We are going to have a party in this place tonight. IPTV Launch. We are excited about the heart and spirit that will be released...I am living my dream. God is bringing things into fruition in my life and in others. He has prepared you and is releasing you to the nations.

I salute the ENM staff for your labor.

IPTV is a platform to set men and women of God on, evangelistic campaigns, McKellar Airport opened its flights from Memphis to Nashville. We will come back and ask you to join with us and bombard Seaport Airlines. God will establish things that you have never seen before in this season.

Email us, write to us and tell us what you think. I appreciate this diligent son who works the word and then I will be back to pray with you.

Min. Niel-Thank You for Pastor Eric and Elder Rebecca. I am so excited about this. Come to Mackinaw and watch it if you are any place in Central Illinois. I guarantee you that it will be a great show. Jesus said go ye therefore into all nations and...He was watching the news about the Philippines thousands of miles away and I am excited about what we can do with streaming.

I Corinthians 12:28 the nucleus of motion

Nucleus definition 1-a central point, a group a mass about which gathering, growth or enlargement takes place.

Nucleus definition 2-the central group, the core group, or the saints gather for the process of growth for a gradual buildup.

Apostolic splash-we come together and there is a specific concentration where we get together via technology.

When you are a part of the nucleus of motion (process) everybody wants the double portion or more anointing, but we do not understand the process it takes to get there.

Nucleus is a part of an atom. Protons-positive, Neutrons-neutral I Corinthians 12:28 THERE IS A SPECIFICE ORDER IN WHICH God does things. God has set some first apostles. That word first is actually means proton. Earnest Rutherford- he called them protons because they dictate what that atom is. If you have one proton, you have one electron. For every positive there is a negative electron.

Hydrogen-1 proton and 1 electron ...God set some protons-Apostles Ephesians 2:20

An atom is the building block of all matter, land air buildings, etc. Atoms apostle are the prophet are the atoms that he builds upon. The church has not accepted the apostolic and the prophetic. The things that we call church is traditional things that we call Christianity. We have made church a place where we go and the pastor will do all the preaching and counseling, etc. You sit there and you watch what is going on for thirty minutes, maybe someone sings and then we all go home.

I Corinthians 12 What happened in the New Testament church to cause us to live like we do not have any revelation of how God purposed us to be? One person is not meant to do everything. The whole point of the Apostolic and Prophetic is the activation of people to work in the call of their anointing.

If there is Nucleus is an apostolic and prophetic company. Luke and timothy were in training.

Timothy becomes the Bishop of Ephesus. They were in training. Paul found Timothy so faithful he made him the Bishop of Ephesus. Paul said I have no other son like him who is concerned about his well being. If you want to know how powerful a person is, look at the people around them.

Elder Jackie was on her death bed and on her way out of here. She was so weak and had lost so much weight. But a ministry called ENM came in and spoke life into her and she got healed.

Around a nucleus growth and enlargement takes place. You have to get her CD's and her book which will come out.

Four elders were 450 miles north of where they serve in the local house of IMI. Elder Ricks conducted the service along with the ministers who were present. I told Elder Jackie congratulations for the nucleus of motion. When you get around it you can not help but to move. Protons are positively charged and they are constantly in motion. Electrons are negatively charged which represent people who are trying to pull you down. She had to be activated to bring life into her.

There will be both negatively and positively charged people around you in this life. The negative ones want to pull you down and out of the nucleus and the positive ones want to pull you up and to strengthen you.

In II Corinthians 12 Paul mentions a thorn in the flesh, a messenger from Satan was given to me to buffet me. Every where he went he was being attacked and people were trying to pull him down and yet Paul was getting stronger. People put their time and finances together and they grew stronger. There is no longer a lone ranger spirit out there.

They asked who will be sitting at your side in the kingdom. The first shall be last and the last shall be first. The word last here means last in the series of places and in the temple of succession.

There has been a whole lot of process that has taken place prior to his being ordained the apostle.

In his history there was a lady who tried to run the apostle over literally. They have given their lives for the calling of God and their wants and needs are put last. He was in college and he gave his really nice church shoes to a guy so that he would have shoes to wear to church. In order to be first you must put yourself last. Your desires that you want and your will have to become last. This is the process that must be walked out before you become first. God is not trying to activate your will he is trying to activate his will in you.

Pastor Eric- What you are hearing when Niel speaks is that the first shall be last and the last shall be first. He uses my name a lot and I throw out Bishop Mark's name a lot. Why? It is because we look to our forefathers who paved the way for us.

Joshua 3:3 says when you see the priests of the Lord remove from their place and that they are bearing the ark; go after it. Kinetic energy is the energy of movement which breaks the inertia of being at rest. Christians are called to be people of movement.

However in the body of Christ many people struggle with staying in the now move of God's Spirit. For example, did you know that 98% of people will not win even 1 person to Christ over the course of their life-time? Another astounding 98 percent of people will not invite anyone to their local church over the course of a year? If you are excited or are passionate about something you want to tell someone about it. Propensity is the natural inclination, disposition or tendency to do something of your own volition. Because we know that we are called to be people of movement; it burdened our hearts to see the propensity of the congregation to not move when our Bishop would say something that evoked a response from them to God's Spirit. This lack of movement suggests that many are still comfortably tied to the inertia of rest.

Signs of a spirit of inertia at rest are: slothfulness, lethargy and a spirit of heaviness.

Abraham had to walk through a process before the word on his life came to fruition. Personally he may have failed, but in his process as recorded in Romans 4 God had already taken account of his faith because he believed and stepped out. Ruth and Naomi stepped out in faith too. This was displayed when God moved Ruth out of Moab, an incestuous nation and sent her with her mother-in-law to Israel. You must get up from where you are at and get in the nucleus of motion.

True apostolic anointing puts the right apostolic thing out when God tells him/her to put it out there. True apostolic people are looking for the next generation who they can pour into. They realize that when they are gone that their must be a faithful seed who will continue to carry out the legacy of the vision God gave them. This is seen with Abraham giving example and instruction to Isaac and Isaac to Jacob and so on and so forth. If he sounds like me, he shall be like my father. You can not have true prosperity without true posterity. True posterity carries on with understanding that which was instilled in them by their forefathers. (Together everyone adds, accomplishes and achieves more)

In I Samuel 30 God speaks to David at a low point after his wife and children were taken (and his men's wives and children were taken) from Ziklag while they were off at battle. All of their possessions that they had were either taken or destroyed when Ziklag was burned with fire. Ziklag had been a hub and it was here that David inquired of God. You need to hear the heart of God this year; line upon line, precept upon precept.

When you hear a Minister Niel you are going to hear education, a sense of empowerment and of entertainment. He is a great imitator of people. As we operate in this nucleus of motion we will see favor in the kingdom of God because we are not a bunch of dummies.

This is why we have seen a tremendous amount of accolades amongst the people in our congregation.

The house exploded with motion. When I give you fresh revelation of from my spirit, I would have been crazy not to let my son to teach this morning. I wanted this to be a family empowerment all along. If you look on the big screen you see Courageous, Tyler Perry, Fireproof- with Kirk Cameron people who are spirit filled and a Tommy Tenney. I don't want you to just preach in the four walls, I want you to use every technological means possible to reach people for God.

You can not live for God and stay the same. If you are a believer you should be active in the church and in the market place. How long will this continue? It will continue until the Lord comes back to get us.

You must be an individual who stands up and is empowered. Daniel was a Statesman because he knew how to take a prophetic word to a Nebuchadnezzar. We must take the world over because we have a mandate to teach all men the truth. This is what the Holy Spirit is all about.

We can't close our eyes but we must vote and start an initiative to get others to come along with us.

McKellar Airport in Jackson, TN-prophetic people-they see it before time and then they put what they see in motion.

Pastor Eric prays-line upon line, precept upon precept may our time of getting together via webinars become a community of motion, and Father as we speak of ICCM, Judah and IMI enable us to release the unadulterated word of God to the world. May we impact the small pocket of congregations of the people. May Jireh food pantry have wisdom and innovation as they minister to people. Thank you that in the U.S. Appalachian Mountains where there is no running water, you have given man vision. There is provision in their vision. In these areas of poverty we release vision. There are those who can not read or finish school help them. We ask ourselves where we start first, because there are so many things that are on your heart that need touched. Thank you for the wisdom and insight that you give. We pray an impartation of wisdom, and witty inventions on your people. We stir the market of the children to be the bright kids in the classroom and not the class clowns. May our businesses prosper and those who have the spirit of humor step out and do one night of comedy at the Coronado or the civic center to showcase life inside the believer. We open ourselves to do ministry in life and in God like the world has never seen. I speak a blessing over your life as the people of God. I say to you if you want to start a business let's seek God so that you can step in to the place that God has for you. You think that if you start a restaurant that you are just moving money. No, actually you have established a place where people can rest and it is a vehicle to share God with others. We release you today. Join with us on IPTV tonight. Invite your friends.

1-26-12

Announcements: Thank you for all of you who tuned in and supported our IPTV Launch on Tuesday evening and our ENM team. We enjoyed putting it together. We had a phenomenal experience and a great time.

In Tucson, AZ our Bishop Mark and our very own Pastor Eric are there at a symposium this weekend. Keep them up in your prayers for strength, health that they can hear clearly

January 29-IMI-Will be having a Joint Service with City Fellowship at 4 pm. We encourage you to support this meeting. We go out to support other ministries regularly and it is a blessing when other do the same for us. As a matter of fact we had a pastor from Chicago drive down to support our launch and it was wonderful to see him and his armorbearer come in and walk thru the door.

February 18-Kings Cupbearer Single's Ministry is having an event-Christian band, Jazz band, two comedians one local and one from California. Write in and ask for some information if you are interested in coming.

Friday, March 30 Pastor Eric will be set into the office of the Apostle. Please plan to join us and to set this day aside in advance.

Pastor Eric-We are in Tucson this morning. When we got off the plane the weather was incredible. People were wearing shorts and we came down with some jeans and long sleeved shirts.

Tonight I will be preaching from John 20:24 a message titled-It is in his hand. There are people weeping around dead things and God is no longer dead. Mary wants to touch Jesus and he says touch me not for I have not ascended to my God and your God. The blueprint is in his hand.

Thank you to all of the Pastors on the line this morning and for your support last evening.

ICCM-is our network that oversees churches. We encourage those churches and speak into their lives. Tucson displays such a great move of God. We have many pastors there in Tucson including...Pastor Winkles, Apostle Joyce, Arthur Tigney and Apostle Warren & Carolyn Anderson and Pastor Payne. We had four or five churches present last night. We had by far the greatest amount of support by pastors and leaders there in the area then any other town that we have been to. We had a wonderful time. I thoroughly was blessed and was doped up, excited like I put my finger in an electric socket.

I was ecstatic about the IPTV launch. I sent my staff an email in that regard. We had a red carpet and we were "struttin" our stuff. Deacon Brian made a remix of music from some of my teaching series that was "poppin". My daughter Hannah said it was so tight. Aaliyah was strutting her stuff. Thank you to all of you for the texts that you sent in and telling us that you were supporting it, I appreciate it.

IMI tell us what it was like for those who were watching from your end. I want you to hear that this was not hype. It was so exciting to see this come to manifestation. It was so exciting. This is where miracles happen and dreams are birthed.

Elder Dunn-I was standing and looking as Sister Jacquie was doing an interview. To hear it coming to pass after all these years and to see that you were going to be on TV after talking about it for so long was awesome. People were there and it was such a joy to see God using you and Elder Rebecca as you were obeying God and stepping out. It was wonderful to see.

Pastor Eric-Elder Dunn is my mama. My father and mother sent me a text and said that...We are humbled and we salute you. They love us as their pastor and as their man of God.

My greatest joy is that people have a platform. People laughed when I said that last night. It is my greatest joy to see people step into their place. Some examples of this are Deacon Jeff Lovell putting all this together. I did not ask Deacon Brian to put that music together. I was watching Min. Julie arrange the food for our launch party. There was homemade pound cake from Mama Whitaker. Though it sounds rather selfish, I took the other half of the cake that was not eaten home to eat for myself.

Pastor Young is always asking me what do you need. They are some of my biggest supporters. I honor you. He drove down 2 ½ hours to support us. Pastor Lafayette please share what you beheld.

Pastor Lafayette It was awesome and phenomenal. Your team worked so well in putting a program together. It was a treat. It was wonderful. We bless God for what he is doing in your lives. D

Pastor Eric-did the Prophetess like the video? She will watch it real soon tonight. We sent back a DVD to her so that she can see it.

Elder Brown and I clown around and I think we did about 10 chest bumps. He said yah doc, this was big. We were speaking with our Holy Ghost swag. Elder Brown-This is big man. This is so big. He kept saying this is big, this is so big. This is huge. Yeah, yeah he's coming to the stage. I thought to myself I am not going to even be able to preach if he keeps this up.

Elder Brown-It was awesome on so many levels. This was like a thank you to you for all that you have sowed in so many ways. Sister Jacquie and Elder Jackie, the people that came out to support. Arch Bishop Mark and Lady D. It is the heart of God to create this platform for us where we can be ourselves. Right where you are being yourself, God has created a platform where we could be ourselves. We talked about this in Shroeder Hall back 15-20 years ago at Illinois State University.

There was a time when the Spirit of God was being fulfilled and we were being still and then we started to move with the word of the Lord. IPTV was a literal move in conjunction with the presence of God. We were just charged and are still charged. I appreciate all of you, Deacon Angela.

Pastor Eric-we are just living. **We are not trying to be anything that we are not, we are just trying to be what we are.** The Holy Spirit is relentless to the point that when we are frustrated and angry and don't think that we did not fuss. The Holy Spirit just pulled it out of us. We pray by your Spirit that the people of God would be all that they are called to be. **The people of God will never be the same because they are meant to change.**

You are a movement by yourself, but we are better together. We make one another better when we come together by the Spirit of God. I did not know if anyone was going to show up. I set myself to be minimally expectant. I know that I should not but I try to prepare myself like that so that I do not become disappointed. People came in and they were dressed to kill. They came in smoking, looking hot. Let me dream a little, I can not wait to take IPTV to Jackson, TN or to Tucson, AZ, from city to city.

Prophet Cathy-I was not there, but I am stirred to be there. I heard the Lord say this is that. In California we have a show called "Access Hollywood". This is "Access Kingdom". You saw it going from city to city. They (Access Hollywood) go from star to star, but you and your motley crew have been faithful to stand thru. Decree and declare throughout the land and you who have no name, you shall bring them to pass. Hear me and hear him well. This is that. Breathe and hear him say, "Shift". This is brand new the anointing to do and carry thru. Purchase the CD all of us who did partake, this is that and it shall come back.

Pastor Eric-Last night the Spirit of God began to heal people all across the room from various things such as pain in the neck, etc. People were getting healed all over the sanctuary from the momentum of the Lord Jesus. There were signs and wonders all over the sanctuary. People that I have never seen before. When I called out to the assembly, you have been having colon problems; 4 or 5 people would stand up all over. The presence of the Lord was all over the sanctuary. Tuesday evening we had IPTV. We jumped on a plane early Wednesday morning and came to Tucson. Bishop said-I foresee IPTV jumping on a plane and just coming as a team. Your covenant support enables us to go. If you have an income tax return we need that boost from you. I will jump on a plane to come back to IMI in Jackson on Friday. You can catch our live stream at 4 o'clock pm on Sunday. We will be streaming our joint service on IPTV. Log on to www.EricNewble.com to view it with us. Angela put that on constant contact IPTV will be ministering.

Elder Rebecca is my wife, my friend and I love her so much. She is my babies mama She had a little anxiety during our interview for IPTV, but she did so good. I hugged my Bishop and Lady Donna after the prerecorded interview with us was shown. They stated you and Elder Rebecca are such naturals. You are meant to do this. Elder Rebecca was so smooth and I have to work so hard to make it look good.

Elder Rebecca-I was outdone by the number of people that came out to support us. It was a tremendous atmosphere. Everyone just flowed with what happened no matter what. We appreciate all of the hard work just to kick it off. I was amazed at all the diversity of each of the gifts present that made this all possible and without that we would not be able to do all that we do. I am very, very thankful that you were there to enable us to do what we did.

Pastor Eric- We all like each other. Min. Tommy he is a gag. Min. Tommy ,share some of what your experiences were.

Min. Tommy-I sat down and contemplated the launch of IPTV and what I kept going back to is that there were so many times of laying at the alter and of prayer. To see the manifestation of history taking place. In the Old Testament it was prophesied about Jesus coming. I am hearing the prophet, the woman of God talking and then you just see it. The magnitude of just being there. If this is my first one, what about when we have done five hundred!! We watch the Spirit of God progress constantly. Think of it like that. What you saw on IPTV was the initial phase, but it will not look like this a year or two years from now. Why? because it is attached to God. How many people in a lifetime get to see that?

Pastor Eric-I like the music to be popping. I have to have some room to move for my Jesus. You can not have me hemmed in tight. Any one else want to share you are more then welcome to do so.

Min Jacquie-this is the pound cake maker. I am so excited at the fact and seeing how he has brought you and how you have been a part of my family's life. As he said dream big in God's will and his time. It was so good to celebrate with you and there is more to come with what God is going to do with you.-

Elder Brown-IPTV presents-How to make a Bundt cake with Mama Jacquie and How to make a pizza with Mama B (Elder Dunn).

Pastor Eric-Mama Whitaker met me when I was in college. She would come down and make me a meal on Sunday. Her grandkids are my godsons. She would have macaroni with four, five cheeses and then she would lay hands on us and pray for us.

Elder Jackie-It was so good to see. We were so sad that we could not be there. You were up there and then you realized that you were not smiling and then you would put this big smile on. I cried. I laughed. There was such an expectation in the house. It looked so professional on our end. You looked so natural like you do this all the time.

Pastor Eric-I can't wait to put everybody on the line. Interview Elder Markus and Elder Jackie of For ya Soul Café, my kids our kid's choir, Delon and Min. Nanette who just received an award.

Min. Nanette-I watched from my computer at home. I was disappointed that I could not be there. Even sitting in my living room I could feel the energy. With sister Jacquie interviewing it added to the energy. It gave the idea of what people were being viewed all over the country. It was really powerful and was a blessing. I am very proud of you and keep up the good work. I must say daughter you were smooth. Downtown and she was working it.

Jacquie Collins-I actually was so blessed to see the dynamics of everyone working together. **T.E.A.M.-Together Everyone Accomplishes More. Together Everyone Adds More.** Everyone played a part to create the atmosphere to see everyone's part fit so intricately together. I heard God say opportunity plus situation or opportunity equals success. To see the planning and implementation

come to fruition, I felt like I was going to an awards show. To see everyone be there and excited to be a part. **Mama B's Pizza Fundraiser is coming**-to the Jackson, TN area soon. Your mouth will be delighted and your stomach will be delighted. They are supersized pizza's to help us raise funds to get robes for the elders. Her number is 731-609-0799. She will be back in Illinois and we will do a fundraiser in Mackinaw a little later on also.

Please consider joining us and becoming a Covenant Partner

Intercessors pray-I will be speaking on the Nucleus of Motion-talking about the four winds and how they come together and sweep across the whole earth. Pray for Pastor Russ and that some other Pastor friends I invited will show up.

Get on Face Book and tell how wonderful the launch was. If you want to come and help ENM move with some funds write in. We would appreciate it. Our laptop that we use for streaming is all but bit the dust. This would help us get another that is current and up to date with the technology that we need for today.

The trumpet sounded as we closed out for today.
