

October 4, 2011

Announcements: We would be honored if you would consider sowing into Eric Newble Ministries. You may donate here on our website.

October 27-29 The All Nations Worship Conference will be held

At Judah International Ministries in Mackinaw, IL-Please go to

www.judahinternationalinc.com for more details. This is a profound conference where great foundation is laid and it is a great time of worship.

I have a cd series called the "The Ultimate Man" that I released at a men's conference that we had. It is based off the scripture found in Ephesians 4:12-27 about putting off the old man and all of his deeds. The new man is Jesus, God's only begotten son. When we accepted Jesus Christ as new believers we started a journey of taking on the new nature of Christ.

There is no one greater than the son of God. If I be lifted up then I will draw all men unto me. We can never over talk Jesus Christ. The only thing that holds a door up is the hinge that attaches it to the cut out or the frame. Jesus Christ is the cut out. He is the propitiation for our sins. We are so thankful that you are our savior and in you we live and move and have our being. You are the express image of the Father and you represent everything that can crescendo.

As Moses lifted up the brazen serpent, so must the son of man be lifted up. If what we do, say or believe is not hinged in Jesus Christ or established on Jesus Christ; it is nothing. It is irrelevant. It is off. It is okay to question if there are things you do at your church that are not founded on Jesus Christ. Every thing comes out of him and flows out of him.

We just came out of the Latter Rain conference in Tucson, AZ. It was I and four others who went with me. They were Deacon Angela, Min. Niel, Elder Jackie, Elder Bernice Dunn- I applaud everyone who works along side me and who stays locked in. It is a blessing and I thank God for this. Some have been with me since college and that shows longevity. Some of those who were on the trip with me are excited to share and we are going to give them the opportunity momentarily.

If you would like to be a team member, we invite you to let us know. We need you. You can sow into Eric Newble Ministries, pray for us and travel with us. We want to be effectual, effective and efficient.

Pray against backlash for myself and those who were with me. Don't forget to include the saints in Tucson too. Right now I am anointing my throat, hands and stomach.

Vivian Greer was sharing with me concerning Rosh Hashanah about sowing a significant seed because this is the beginning of all things. Jews believe that this is the time that God will bless or curse anything for the New Year. It is like our new year, the beginning of their new calendar. You are the movement. You have to find out where he is at and go after it.

We have been doing a study on discernment which led to the leaven of the Pharisees, the Sadducees and of Herod. We will continue on the leaven of Herod soon. We want you to be able to differentiate between these three different types of leaven.

Commentary from some of the Latter Rain Conference attendees-Elder Dunn (Pastor's Mother) shared-It was a glorious and powerful time. The men and women of God flowed with one accord. You would have had to be there to experience what we are speaking of. It was a push to shift our mind and get it set back on God. (A mindset of transformation) I am still feeding on it. It was such a push that is causing me to speak more boldly. There was a preacher that interpreted English to Spanish and people were being healed.

Pastor Eric-I told my mom that we would be traveling together some day. This was her first Apostolic Ministry trip with me. In Mark 8 Jesus took the blind man out of the city to heal him. At first the blind man said that he saw men walking as trees Then the second time he saw clearly. There are some things you must go away to see. It was so beautiful to see the team was in full effect. They flowed so smoothly in the Holy Ghost and they were gelling. They worked so well together. Elder Dunn was laying hands and feeling people's pain. These same people wanted to take her out to eat and to spend more time with her. This reminds me of when Jesus was on the cross and was talking to John, he said son behold your mother, mother your son.

Elder Dunn- God was bringing the men and women of God together and they were not concerned about their title. They came together and flowed and it was all about God. We were uniting in a global transformation. It was good because we were getting rid of ourselves. It really is all about Jesus. You have what I need and I have what you need. When we are united, committed and working together that is powerful. I needed that push and shifting of the mindset. It gave me a push to go farther and to be what God told me to be.

Pastor Eric-The speakers for the Latter Rain conference were Dr. Rick Daniels, Pastor Shezetta Morris and Apostle Janice Scott. The conference was hosted by Apostle Joyce Stevens and her husband. We salute her and her "Reaching in Love" mobile ministry. We will be going back to speak again next year.

Elder Jackie-I was so charged and the conference enabled me to grow so much. I was impacted with so much. The connections that we made were so awesome. Saints were embracing the moment. What was so fascinating to me was that the message you delivered was about sonship. At the end of your message you were talking about how Paul was coming into his own and then Apostle Joyce came and ministered about the same point. Gal 1:1

There was a worship leader that Pastor Eric ministered to and after that you could see how it changed him completely. We prayed for a little boy who was 7 or 8 years old and he had his hands stretched out to heaven with tears. This was phenomenal to see. We had so many come see us at the product table from so many different denominational backgrounds. They were so hungry to learn more about the apostolic. The global transformation took place while we were there. My life was completely changed.

Angela-Shifting mindsets and uniting people for a global transformation was the theme of the conference. Each speaker was building on the previous one like building blocks. I like details. There were other individuals who did not bring a team with them which caused the power of our

team to stand out. Wherever Pastor went we were following him. They saw the unity amongst us and it spoke to those watching us. You know how Pastor Eric is known for significant words or songs like the word "metron". These and other words have stuck in our hearts and will stay with us forever. Another example is the word "shift". Pastor was the lead speaker on Thursday night and when he said "shift" we all started moving because we have been trained to do that. So while he was preaching and then later when Pastor Ernie Stevens spoke everyone heard that word and they got up and moved around the room. It was powerful because the whole room would move and it happened at least three different times during the conference. It was not chaotic it was orderly.

Pastor Eric-there are things that God can give you that are pattern themed that those who are around you can get familiar with. However when God gives you stuff know that it might be for a different city then what you think. For example, I took the word "shift" to Mackinaw and it never really took off. I took it to IMI and it was a little more influential... but when I got to Tucson it flew. When the word "shift" was mentioned people were both moving in the spirit having fun too. Songs were coming up out of my belly.

Switching Subjects... This prayer shawl of mine represents hours of blood, sweat and tears, prayer and labor. **The resident power of the Almighty God working on the inside of us. It shifts people into the presence of God.**

I have a new shawl I am going to send it to Dorothy Parker who is 87 years old. I am laying my prayer shawl over the top of this new shawl. Pray together with me that as we give her the shawl that her legs and the ligaments in them may grow out and be strengthened. Pray that her heart may rejoice. We honor you Jesus. It is all about Jesus.

Angela-two simple songs God gave to you Pastor that God breathed on were "Go After It" and "I Will do a Whole Work in You." They became like a subtheme to the conference and many of us were singing them through out the weekend. I am still singing them.

Pastor-I have been saying since I had my first church that I am a trendsetter and not a follower. I am called to set trends in the world. I am called to change the world from how it looks. I set the trend according to the word of God.

The sound of the Conch Shell is heard blowing in the background.

Niel-Pastor Eric was the first speaker to minister on night one of the conference. He ministered on the Jewish New Year. The symbol of it was the showfar. Brian had emailed the sound of the horn to Pastor. He played it from his phone into the microphone and everyone was running around. We were at Living Waters Ministries Sunday morning and someone found the horn on a website and it sounded and the people were being healed and blessed. Rom 10:18, 19

I want a band, a drummer, a bongo player and a trumpeter and piano player that can flow with the Spirit of God and we will declare it to the world. Jesus Christ is his name. None of us are anything with out your grace and mercy. Thank you for making us trendsetters and give us wisdom. Make us authentic works that move by your spirit, oh God. The Spirit, the water and the blood... These three bear witness of me. I John 5:8 Jesus Christ is the runner, the intercessor, the one who goes before us. He is still running.

I am on fire with God. You don't want to miss that God himself is trying to beckon us to himself. You do not want to let stuff, money, your lack of money, your daddy, your wife, your kids or any one or thing else keep you from him.

There was a time where I was so limited in my mind. I am talking to some of you who feel held back and held down. God is faithful to do what he said he would do.

My son EJ is going to surgery tomorrow for his knee and I am believing that they will find less to do when they get in there then what they are expecting to see.

I encourage you to sow seed. Go to our website. Send in your prayer requests and we will pray over them. We will bring the trumpeter's call to you via live stream. Pray with me about this. Make today a phenomenal day.

October 6, 2011

Announcements: Judah International Ministries will be hosting the All Nations Worship Conference on October 27-29th in Mackinaw, IL.

For more details go to the www.judahinternationalinc.com website.

We appreciate your prayers for my son EJ. The Dr. did not have to do as much as we thought he would and the surgery went well. Thank you for your prayers.

Please pray for Dorothy Parker. She is a great friend of ours from Living Waters Ministries. She is 87 years old and has been diagnosed with cancer.

Please prepare yourselves for the Leaven of Herod study. We will return to this study real soon.

The leaven of Herod represents worldliness, etc. All of the Herods were destroyers. They tried to kill Jesus and John the Baptist.

Highlights and Testimonies from The Latter Rain Conference in Tucson, AZ-

Elder Veron who serves under Bishop Johnny Withers from Unity Christian Fellowship located at 16133 S Atlantic Ave Compton, CA 90221-4755

Shared- Though I live in California now, I am a native of Tucson, AZ. For me the Latter Rain Conference was a life-changing experience. Prior to the Latter Rain conference, I had never witnessed the things that I experienced there. After being out of balance for so long, the impartation that I received during the conference brought me into balance. I have missed the Apostolic. I am being restored back to my apostolic roots. I have become reconnected with the apostolic. The gifts of prophecy and healing were loosed to flow. I was able to break away from the bondage and chains that I had been in.

Being restored to my apostolic roots for me means in part that I have returned back to the gifts and the Holy Spirit. Apostolically speaking, my grandma was the apostle of our family. Prophetically she understood the Apostolic and she prayed for us to be released from that which had us bound.

Pastor Eric-Ephesians 2:20 speaks about what the true apostolic is. These are the Acts of the Apostles. My greatest concern is that you understand that we are not talking about a denominational move here. We are talking about the move of the Holy Spirit through out every area of

our life. Through distinction and through understanding the Holy Spirit imparts. It includes the Doma (the fivefold gifting where he gave some apostles, some prophets, some evangelists, some pastors and some teachers for the perfecting of the saints, for edifying the body of Christ).

Prophet Shezetta Morris had been speaking to us about bringing our thinking in to alignment with God's thinking and then bringing our mouths in to alignment with God's thoughts.

Thursday night-I was speaking about higher education. I spoke on the river that flowed out of Eden, Psalm 46:4 which says there is a river whose streams make glad the city of our God, four rivers, water flowing, represent the word. It had been prophesied that there would never be a broken bone in Jesus' body. The other two thieves who were crucified with Jesus had to have their legs broken in order to die, but when they came to Jesus he was already dead. His legs did not need to be broken. Instead they pierced his side and out came both blood and water. Water- blood-cleansing. I John 4:8 These three bear witness of me. The spirit, God's blood and God's water. We call this the apostolic. We are built upon the foundation of the Apostles, Prophets and Jesus Christ being the chief cornerstone. This makes up the ultimate three fold cord.

The gift of discernment was flowing and I started calling things out by the Spirit. I mentioned that some were having problems in their hips. In response to this twenty five people came up and God healed them of their hip problems. When they left their hips were feeling better. People who were having problems with their feet were called up to the front and were healed. There were even people calling in and texting in about the problems that they were experiencing. God was moving in that way too.

It was when I was speaking about the apostolic- the movement of the water, spirit and the blood and correlating it with Jesus that Elder Vernon had his experience.

Elder Veron-Pastor Eric flowed with the Holy Spirit. I went to the restroom because my shoulder had been in pain. I went there to go push open a door. Sometimes it brought relief where nothing else would. You see I have had shoulder issues for several years. I have had rotator cuff problems. I had tried cortisone injections and they wanted to do surgery on me. Nothing had ever helped. When I went to the restroom I pushed the door open again and again. There was no pain when I did this. Both of my shoulders had been healed.

You have to understand that prior to this moment I could not even lift my arms up past my shoulder blades. God healed both of my shoulders. I can lift them up now to the Lord without pain. I can sleep well with out pain. Pastor did not call out anything for the shoulder, but my shoulder healing came out of the healing flow of God.

Pastor-If you are always changing your message and have not prepared yourself to minister, then you are off. Yes it is true that sometimes God will lead you a different direction, but not all of the time. You must spend time in the prayer closet and in the word to understand what God wants to communicate.

Elder Veron, do you remember when you were up at the alter earlier in the day and I ran up and hugged you and prayed for you? I was dancing and God told me to go and give him an impartation. When I was hugging him I believe that is when God started the healing of his shoulder that afternoon. When the Holy Spirit tells you or leads you to do something you need to be obedient. It is imperative that we do what God says. It is not about whether we are comfortable with doing it or not. God released a whole new work into his life, his finances, his walk, his shoulders, etc..

As we talk about the leaven of the Pharisees, the Sadducees and of Herod he does not want us to be bogged down with these things. You should be growing and able to make greater distinction. I believe God was dealing with some leaven in Tucson, AZ. I believe he was dealing with a territorial spirit that lies within the Sadducees that has kept this desert area dry and parched. When we enter into IMI in Jackson, TN, Baton Rouge, La, Raleigh, North Carolina etc. we must have the precise discernment to know how to war. There is a lot of healing and deliverance going on in Tucson, AZ. It was not because of me or the other speakers who came to help Apostle Joyce build. It was because of Jesus Christ.

If you are in your city and you want to build, then you have got to lay the foundation. Foundation is intercessory prayer. Foundation would have you get together with some of the other denominations. You have got to pray. The spirit that is being dashed to the ground is the spirit of the Sadducees. Tucson has had so many pulpeters come through, only for them to be disappointed. There are many teachers and laborers there. There is Apostle Warren Anderson, Apostle Arthur Tigney and many more. There labor has come into alignment with divine timing. Elder Marcus is our musician and he will put our music out there and represent us with these songs that God birthed through us.

Deacon Angela-There came a point at the end of the conference where there was this woman. She was telling us that we need to embrace the call of God on our life. It was a strong point made about embracing what God has made for you to be and do. God was dealing with many and there was a spirit of brokenness. She began to share that there were many who were more educated then herself in her ministry. She told how she had been illiterate. She had been made to feel less then and not as important as others because of her lack of education. She had a prophetic call on her life and she had been through much and had felt such shame. She was sharing and there were many tears in the audience.

Pastor-There was a husband and wife Navajo Indian team there. They sang a song about the ground and they used their native instruments. The theme of the conference was shifting mindsets and uniting people for global transformation. They love the Lord but are still connected with their Native American roots. The spirit of might and of counsel and of wisdom (the seven spirit of God). These people named the name of Jesus Christ and they were able to express so clearly their love of God.

Pastor Eric-Sang a portion of the song called "A Whole New Work." Those who are looking for healing in your emotions, stress in your joints for a mother, or healing from food allergies speak now quickly. We are about to shift right now in the name of Jesus. Let it go. Many of you where you are going to receive. There are divine moments with God and they are eternal. The angelic thing running down the street. The more of God. God's glory speaks to you at specific times like when I was twelve years old and God said that he called me to preach. I

believe that the gift of miracles will flow through this line.

Elder Veron-sang I'll do a whole work in you. Repeat 4x. I'll do a greater work in you -repeat 4x. I'll do a healing in you. Repeat 4x. I'll do a whole work in you.

Pastor sang the same song. You may think that God has forgotten you. You may be a psalmist. If you let God lead and get with his time you will be right on time. The enemy says that God will not complete what he started, but God will always see your purpose through to the end of time.

Elder Veron-I have had food allergies for the last six weeks. I have been breaking out and itching and it was hurting so bad. When you spoke that I felt fire and heat move across my forearms. LaGwen said I have been experiencing stress in my joints and in my lower back I felt like I exhaled and now I feel completely at rest and I felt the release.

Pastor Eric-Hold on to your healing.

Jonesha-sang I'll do a whole work in you. I'll do a whole work in you.

Pray for Myla Stuckey-she is a four year old girl in the hospital in a coma. They are going to do some surgery around her brain to drain the blood off of her brain stem. We prayed for her- Lord stretch forth your love, your hand. By your hand cover the whole room. Send baby angels to play with her in the spirit. In her spirit let her be playing and enjoying even at a young age even while you are ministering to her body. Bless her mother, father and other relatives. Release your presence upon this baby. Dry up the sickness of cancer upon Dorothy Parker that she may live to a ripe old age. Pray for EJ and for the Newble household.

Send in your prayer requests if you would like to. We are collecting these testimonies to build our faith. His name is Jesus Christ and he has all power in his right hand both in heaven and earth. If you want to be taught or trained or if you would like us to come to your city or ministry; we would like to do so.

Be prepared next Tuesday. We will start back in with the leaven of Herod. Keep praying and let the Lord sharpen your discernment.
