**March 3 Pastor Jackie Fairley**-Pastor Eric will be speaking at Pastor Fairley's anniversary service and at some other churches that are in the Pensacola area.

**March 30**-Apostle Eric will be set in the office of the Apostle. Please pray, plan to sow and save the date.

I will be in Jackson, TN tonight. I am at our home base, the apostolic hub in Mackinaw, IL this morning. Attention all you pastors on the line-you need to tap in to the principle of sowing first fruit. Elder Jackie-delivered the word about First Fruit. She was very thorough. I Kings 10 talking about the queen of Sheba

If you want something that you have never had before you have to pray it, study it, sow to it and serve it. This CD series has really transformed those who have wrapped their minds around it. Jesus Christ first fruit-his son Jesus Christ.

We had our first fruit service last Sunday. We (the elders of IMI) waved the barley over them (those bringing their first fruit offering) as they passed by. Then we waved the gift over our right shoulder and handed out scrolls so the saints could review their inheritance. People need to pray and declare Exodus 23.

We sold our First Fruit CD's within 20 minutes when we were in Tucson, AZ. You need to have your own CD series of Elder Jackie Hendricks's First Fruits teachings.

Many people who have been obedient and have sown have already reaped a harvest.

We have been talking about the Nucleus of Motion, the proton and the Atom.

Wednesday night, February 8- I will be at Life-wind Covenant church in Selmer, TN. I will be speaking on Prophetic Activation.

Friday, February 10-will be youth fun night. We will play games, pop popcorn, wrestle with the kids and play freeze dance. Freeze dance-is when the music is going and the music stops if you don't keep dancing you are out.

Saturday February 11-singles gathering. We will be speaking on the love of singleness and how to maintain singleness.

I like to be around people who are disciplined about their study of the word, prayer, people of God who are disciplined with their workout, work a secular job and yet they still work their entrepreneurship. I was created to encourage the body of Christ. It has taken me a great number of years to figure out what I was called to do. In the last 7 or 8 years I have come to clarity about what God has called me to do. I am surrounded by individuals who inspire me.

Whether Judah, IMI, Abba, ENM, etc., all those things are just vehicles to get people to Jesus Christ. Thank you Min. Niel because you have been doing a good job talking about Apollos. We were talking about the word and it produces an energy in me. Energy-Elder Brown has been working on it and started to speak about it. This morning with Min. Niel we were talking about synergy. Within 3-5 days of being around individuals I have been around many people who have the same spirit.

In Revelation he who has an ear let him hear what the spirit has to say to the church. Whenever God created man he gave man two ears as one of the five senses. Every type of being in their anatomy has eyes and ears unless they are handicapped in some way. Why? So we can tap into the frequencies of heaven. There is a mole in England that is considered a delicacy; whose eyes are closed and are not opened until they die.

Critical-not every one has a spiritual ear to hear. If we did, we'd all be moving the same direction. If God said everyone go west-we would all go west. If God said everyone go south-we would all go south. When people hear the sound of the word of inspiration there is something that gets released in them. They begin to tap into something.

I am around people every day and there are people that I see that have an ear to hear. Be instant in season and out of season, Timothy do not be frustrated that there are those who will come to maturity at different days and times so I must constantly exemplify the character and qualities of Christ.

Just because you have been in the church of the chosen frozen does not mean that you have an ear to hear. There must be some level of movement when you hear. Trumpeter's Call enables you to begin to work the word of God at your local church and then start a movement.

Though family and others will pull on you such as...your wife wants time with you or your children want to go swimming, etc. (and this is not wrong for them to do this) to accommodate them you may need to get up early or stay up late but you must stay in your place. Regardless of the demands, you must be willing to operate at the level of energy that God has called you to operate at. I admonish you that you must do something different to operate at the place that God has called you to operate in.

Before I start to teach today I want to give you the Punch Phrase. I want you to receive the anointing of the double portion. I really want you to get the impartation that will help you become what God has designed, but you are going to have to move with me quickly.

II Kings 2 talks about the sons of the prophet-Elijah and Elisha. This is a great picture of a father who has got a mantle, an anointing and a presence to give to his faithful son, sons. One son in particular by the name of Elisha was following so close through all that they had been through for the past number of years. For Elijah it is his time to step into another realm. It is Elijah's time to step into the place where he would cross over to another level of maturity. As for me, it is time for me to be ordained and to be set into the office of the Apostle.

There are those who are around me who are going through things right now personally that are specifically assigned to them so they can step into a new place in God or come to a new understanding of what they are called or into a new understanding of a movement to which they are called. Acts 18:24

I remember there was a season that I kept calling Bishop Mark, apostle. I use to say it nonstop and he said stop calling me that. Call me Pastor. It is kind of how I feel right now. I wish people would stop calling me apostle and just stop talking to me about it. I am good with Pastor. I am good with Eric, but God kept telling me to call him an apostle, so I kept calling him apostle. There were good things, bad things and opportuni-

ties going on around him like a whirlwind. I was sitting in his office in his burgundy chair one day and I remember so distinctly saying to him, Hey Pop, there was a time where people would come and speak and to minister to David; what they did not discern though is that it would be David that they would have to hear in the end. He said, what do you mean? I said there are times when those around us are going to see my process, our season...

I remember my Uncle who passed away several years ago, Leander. He had diabetes and when he was having problems with it he would say Son, I am going through my change. When he lost his job and he was dealing with poverty, he would say I am going through my change. He used to say to me Eric; People don't want to be around me because I am going through my change because it does not look appealing. You do not look appealing to people when you are going through a change. Why is this? It is because Elder Kendall people don't know what it's like when they are going through the change. I saw you were coming out of something. God said be with him, stay close and stay with him in his change. Many people do not want to be around that.

Elijah was going through a change. Bishop was going through his change. Many of you are going through a change. You don't have twenty friends, you may have only got one, two maybe possibly three who are with you and who will really stay close to you when you are going through such a change...If you are lucky five or ten that really stick close to you and that would be a great thing. I kept hearing God say stay in there. Stay in there.

I really want to make sure that today is a day of impartation for every son and every daughter who is on the line whether you are a son of this house or a son of that house. I want everyone who is on the line to understand and to hear by the Spirit of God; there is an impartation being released and without that impartation you can not fulfill purpose. Let me say that again.

Here is the Punch Line-Elijah is walking with the sons of the prophet and Elisha is with him. Of all the sons of the prophets, Elisha is the only one who crosses over on dry land to get the double portion. II Kings 2:9

II Kings 2:7-12-when you are going through your change people do not always know what they are looking at and sometimes you tend to withdraw so others do not see your process or how frail, weak and inept you feel. It is during this time that you feel like you can not accomplish what God has designed for you to do.

I want you to understand that when you are going through this change, this transition, this metamorphosis the whole purpose of this is that God

...  
**The word metamorphosis means-** the changing of one thing from another, a passage or a modulation of music, changes directly related to the sound. He who has an ear let him hear what the Spirit is saying to the church. That means you must have an ability to lock into the frequency that we are speaking at. I know people who know the word and who pray all of the time but they are dull of hearing. They have not locked into the things of God. When it is time to activate or to implement the word they can't because they are dull of hearing.

If you are dull of hearing and do not have the ability to lock in to the Spirit you will not be able to vibe or run at the pace we are moving at. Hebrews 5:9-11-I have many strong things to say but I can not speak them because you are dull of hearing though. When you are dull of hearing you always do things the same way. You never change it up. You always drive home from work the same way that you came. You never change it up. You always run the track the same way and never run it a different way. You always run the track the way you think that you are supposed run. You never pick another route, you become common and familiar. It is the same way most of us come to church...so if we are starting something new at church you start out fast and then you fall off. You miss it because you are consistently running late which causes us to start out late.

We must be able to maintain a certain speed of modulation or transition. For example, if you can run at 50% of your capacity over a period of fifty of fifty-five minutes then you are doing well. This person would come out ahead over someone who can run at 88 % of their capacity but can only maintain it for 30 minutes. This is basic teaching in dealing in the realm of athletics. It is also basic teaching in the realm of the Spirit. The race is not given to the swift, or to the strong. It is about how consistent you can be with your race, not how fast that you started. He who endures to the end shall receive the crown of life. How consistent you can be with the anointing that you carry speaks volumes.

You see wrapped up in the mantle of Elisha is the ability for him to do some things and to walk in some places that were specifically designed for him by God. Elisha could not have done all that he did had he not received the anointing of the double.

When it comes down to fathers and sons and mentors I do not make any bones about it. I Timothy 1:20 Hymenaeus and Alexander petered out and faded out in the distance because they did not have the anointing of the double portion. It can be very hard to keep pace when you do not operate in the anointing of the double portion.

**Double** means -two, two-fold, twelve, twelfth and twenty. **Portion** means-accord, portion ascent, sound, speech, collar, command, and sound. From the Hebrew lexicon portion means-spoken, to talk, double edge, two edge sword.

Iron or metal that sits by itself becomes dull because nothing is rubbing up against it to sharpen it. (Irons sharpens iron) This is also true of an athlete who does not work out or condition him/herself or an intercessor who does not pray. The athlete who does not work out becomes out of shape, unsuccessful in their sport and may injure themselves. The discernment of an intercessor who doesn't pray becomes dull and insensitive.

Friction comes against us but it also sharpens and strengthens us.

I have been saying read Romans 16 to all those who have been around me. You do not share your nuggets with every one. Sometimes you may just give them a word such as nucleus, propensity or propulsion.

**Propensity**-is your natural inclination-For Deacon Brian Culshaw it is his propensity to be a helper.

If we are not careful we can become so casual that we can not move with God when it is time to move with him. It is at this point you can not muster up enough energy to move. Your job is not evil just because they start requiring more of you. Your marriage/ kids are not evil when they start pulling on you and you find that you don't have time for your own workout or any time to yourself. If you lock yourself into God he will begin to compact you. He will put a divine impartation into you. He will put the strength of God in you or provide something that will

give you energy that you need so that you are not walking in frustration. You will know God is the one pushing you. If you are going to be a son or daughter of God you can not stay at Gilgal or Bethel when you know the double portion is beyond Jordan. We must stay in constant pursuit of God's presence.

God is really dealing with Hannah (our daughter). He is changing her spiritual being. It is not evil, it is God. Recently when I was driving her down to the local Caseys store I had an opportunity to share some things with her. I told her that there comes a time where God starts requiring things of her that mom and dad will not ask of her. I told her that you have got to be able to hear God's voice. Sometimes our teens and tweens feel bored, angry or unchallenged and they begin to draw back. I want to let those close to me know that this is the hour of press.

I am telling my daughter you can not be looking at every thing going on with others such as issues going on with your coach at school, etc. People will gravitate to one thing. Catch this in the life of a fourteen year old young lady. God is not asking her parents permission to start pulling on her. He is doing his work in her to keep her challenged, engaged and pursuing. He will do his work in her/us too lest we would start to run slower.

Act 18:24 Now a certain Jew named Apollos, born in Alexandria, an eloquent man and mighty in the scriptures, came to Ephesus. He was fervent in spirit and spoke diligently about the one thing that he knew which was the baptism of John. The Law of the Lid states that it is the leadership's ability that determines a persons/peoples level of effectiveness.

If we as leaders want our people to go up then we must stay in the heart and mind of God. The two ministries of the Apostle and the Prophet keep us on the edge. Min. Niel challenges me with the word and makes me a better leader. Min. Niel is an Apollos. To be effective as leaders we have to understand who we are as a person and those around us too. Paul could not have done half of what he did without those God placed around him to help him like Apollos.

**Break down**-when you separate the atom into subatomic pieces you have protons, neutrons and electrons. After Adam was separated from God by the serpent, it was not long before Eve got separated from God. The point I am making is that you need to stay connected to the place that God has designed for you. Lucifer could not stay connected. The hardest thing for us as believers is to stay connected. It is staying connected that keeps you alive.

Priscilla and Aquila took Apollos and expounded the things of God to him more accurately. They had needed to teach and instruct him about Jesus Christ. There is greater revelation then just the baptism of John. It is called the baptism into Christ. God is trying to move us closer and closer to him.

**Adjust your thinking**-The office of the deacon is a high office. We don't see it like that though. It seems every one want s these days wants to be an elder or one of the fivefold. What people fail to remember though is that to remain consistent in your office is powerful.

Romans 16:1-4 Greet Phoebe Priscilla and Aquila my helpers.

**Helpers**-means my synergy-they are individuals who have walked with me so long and have laid down their necks for me. It is the people of God who push the move of God where it goes. Your position and placement is critical to the move of God.

It is the impartation of God upon your life that takes your ability above and beyond what you could ever do in your flesh. I long desire means (incestuous) to come to you that I might impart spiritual gifts. For me and this prayer line it keeps me strong in my mind and in the pocket. You have no choice but to grow. You are making us pray stronger and pursue harder. It is about a divine move of God.

For those taking notes they are taking down critical information that will be in a book. As a matter of fact we have people transcribing it right now. The Anointing of the Double Portion will teach them how to stay locked in when it costs you every thing. It is always my desire for every one to come along, but what I found out is that every one must choose for themselves, whether they will stay at Gilgal, Bethel or go to Jordan. Apollos could not stop at the baptism of John because God had a greater need of him. That is why he used Priscilla and Aquila to escort them into the baptism of Christ.

God is trying to download to you in this season who you are. When you know who you are then you don't have to run around trying to be everyone else. You are comfortable where God placed you and in the rolls that he has given you to fulfill. I spent a tremendous amount of time (several years) being frustrated because I was trying to get everyone to become what God desired them to be. I learned that you have to be able to drop a word and then move on to the next place. We can not stay upset when people stop somewhere in the process.

We release into your spirit a Go. Invite somebody to the line and encourage them to come until they make it and grab onto the horns of the alter.

**Pastor Eric**-Welcome to the line this morning. Trumpeter's Call is a prophetic prayer line. I am in Jackson, TN this morning.

Tuesday night's service at IMI allowed us to step into a new place of administration and order in the Spirit.

At 2 pm on Saturday, February 11 Living Single in Love –IMI will have a special get together for our singles.

Elder Darryl will be speaking about the nucleus of motion this morning as it relates to energy- The Trumpet Blew...

**Elder Darryl Brown**-I am humbled to be with you. Deacon Brian set the flags up for me this morning wrapping the Christian flag around the American flag. If you have been on the line you know that Min. Niel has been doing such an awesome job teaching. It is not a small thing to hear this type of quality teaching that we are hearing on the line. It is a monumental thing.

We have been speaking about a nucleus of motion-atoms, protons.

Lately, I have been wrestling with a loss of energy in my natural body and mind. As I sat down to speak with Bishop Mark about this. I came to some areas of revelation that I want to share with you today.

There are helpers being connected to the word energy.

#### **Definitions:**

**Energy**-The force of expression, the capacity for action, a resource from which useable energy can be produced, the capacity for work

Energy produces energy.

**Power**-the capacity to do work over a specific amount of time

We are living for a very specific amount of time with a specific amount of energy.

When I hear about new initiatives-I can get nervous. My spirit and mind say where am I going to get the energy to do and accomplish all that I have been directed to do? The Holy Spirit had to redirect my mindset by saying this is the work that the team of individuals will get done through me.

Dunamis-is the creative ability that accomplishes everything that God desires to do. The Holy Spirit hovers and is activated to do what God desires him to do. We read in Genesis 1:2 that the Spirit of God hovered (moved) upon the face of the waters. He still hovers today.

Energy comes from the s-u-n (sun). Spiritually energy comes from the S-o-n (son of God). The Holy Spirit is trying to draw attention to the creative work that he is doing in us today.

**List of scriptures to read** on your own time that support this teaching-Isaiah 40 verses 20-31 Isaiah 41:10 II Corinthians 12:9,10 John 5:17, 19 and 30 Philippians 4:13 and 2:7

God told me that I need to hear with new ears and a new heart. He went on to say many times Darryl you will come to the end of yourself and you will feel like everything is wrong, but in all actuality everything is right. Let me say that again. When you come to the end of yourself you will feel like everything is wrong, but actually everything is right. He had to say that to me because many times it is a reciprocal process.

I am not talking about natural energy. I am talking about the energy in your spirit man. For example there may be days when you say to yourself, I feel like I have the energy to study, go to church, or whatever God is asking me to do. There will also be times though when you do not feel like you have the energy to do that which God called you to do. It is at those times that God has to remind us that it is not within us and our natural energy to do the thing that he is asking for, rather it is in him. When you live by the Spirit of God you will find yourself perpetually in the place where you will not be feeling it.

Pastor makes declarations regularly to get us to pursue our purpose. He helps us to understand the value of one. He does a fantastic job of this. We are inspired and encouraged by him. It is the work of the Holy Spirit inside of him that inspires you and me. It is the same Holy Spirit that is at work on the inside of me and on the inside of you that gives us life and energy too.

In still quiet places, after you have given all that you have to give and you have pursued and loved God and his people with all that you have; it is there that you come to realize you have come to the end of yourself. It is in this place when we are out of the way that we give the Holy Spirit the opportunity to work thru us.

It is those places when we feel most empty that the Holy Spirit comes to work in us to make it (the place called faint) into a hallowed out place. When you don't have the energy to continue on you come to the place where you understand that it is not you. It is me (God). In this place you don't hear the excitement in people's voice and they don't feel like jumping up and down. The Holy Spirit says this is the place that I can do my greatest work.

Read Isaiah 40:25 for some of you out there the assignments around you have been changing. Your heart is right and you are going through rapid change. Your heart is to adjust yourself to the new place. You are finding that your balance and steadiness is off and different then what it used to be. I am moving these individuals so rapidly that they will not have time to adjust to the new place. I am trying to create the new place in them where I can dwell.

It is helpful to have good people around you who can confirm that it is not just you feeling that way. There are many of us in this place. Isaiah 40:28-31-the greatness of God. Man is significant because of how God really desires to use us and to strengthen us. To whom then will you liken me?

Might-is energy – Power-the ability to do work over time The purposes of God at Judah and IMI are established by God himself. The purposes of God at Judah and IMI are established by God himself.

Pat yourself and encourage yourself that not one of his purposes shall fail. To them who have no energy he increases energy. I want to have the kind of energy that will enable me to accomplish what he has called me to do. It is not by my natural energy. It is by his spirit's energy. Vs. 29 many of us do not want to be faint, but God on the other hand says, I want you to come to this place called faint. That is not the jump up and down word that we all get excited about. I will give power to the faint. When we operate in the power of the Holy Ghost called faint, we have reached empty. We are done. We can't do any more. Here we will literally begin to release our own power and ability back to God, the one who used his power to create the earth, the universe, etc.

v. 30 even the youths shall faint and be weary, and the young men shall utterly fall. Nothing troubles a parent more then to see your child faint. However it is the work of the Holy Spirit in your child to bring them to the place called faint. Many of us have not understood saints that when we become faint it is the power of the spirit. Many of us have been tormented by faint but I hear the spirit say you will not be tormented by faint no more.

v. 30 even the youth shall faint and the young men shall utterly fall, but they that wait upon the Lord shall renew their strength they shall run and not be weary, they shall walk and shall not faint.

Saints be encouraged that he has created a place called faint.

**Pastor Eric**-the word that you are releasing is absolutely God. The word is so apropos. In my notes I had gone a totally different direction, but God is using you. I will give you 5-10 more minutes.

**Elder Brown**-We find that we are trying to keep our young people away from faintness. Don't forget how you got where you are. Rehearse it. Rehearse it in your young people's ears. There was a lack of energy in the children of Israel to crossover. He wants to do the miraculous but he will only do that in a hallowed out place. Not many miracles were done at many of the places that Jesus went to during his ministry. The miracles that were done were done in hallowed out places.

II Corinthians 12: He brought this revelation to Paul who had tremendous authority in the spirit realm. The Holy Spirit wants you to know that you have tremendous authority in the spirit realm and yet we are not always aware of what he is doing in the spirit realm. God uses the times when we do not have any godly counsel being spoken into our ears. It is when we can not truly discern what is going on that he will say now I will speak to where you are going. When you have prayed and prayed, sowed and sowed and you have emptied out yourself that he will say yes, empty out.

There is a concession that we make at the point where we come to the end of ourselves. It is here that we say I do not have any more to give. This is the point when he imparts into you his strength.

I need you to understand that I created you to do a work in the earth realm. Some would say that God can not do what he wants to do without me. Hebrews 11:3 through faith we understand that the worlds were framed by the word of God.

Those things you can not see are creating circumstances and situations around you. It is not because of your wife, your husband or anyone else that these circumstances are taking place. It is happening to increase your faith. It is the word of God. It is his created power that is working on the inside of you and on the inside of me.

I want you to see a pattern in the relation to the Holy Spirit. I knew a man 14 years ago whether in the body or out of the body I do not know. I don't know about you but I want to be caught up into paradise. I will not glory and yet I will glory. We must be careful to embrace the move of his revelation.

Paul was coming to revelation. When we get revelation we want to pat ourselves on the back and say; I have got it going on. There were times where I would pray and speak to a situation and it would change and move; and then there were times where things would not change or not move. When I put my hand on the working of the Holy Spirit it dried up. We can become exalted above measure. That is why God gave Paul a thorn in the flesh to counterbalance his revelation.

Pat yourself on the back and say... just stay in the pocket. I don't want you to be exalted above measure. I need you to see your value and the value of your brother and of your sister, of your measure and of your metron. My grace, my ability is sufficient. I need you to come to the place where you are okay to not do it in you. It is the work of the Holy Spirit that enables you to change the atmosphere. Sometimes we do not really understand that when we pray that something would move and it does not move that God has put us in that place. It is in this place that he can speak to us and say, now that I have your attention, I can begin to speak to you about this place called "faint."

It is a hallowed out place. Though Paul was the greatest of the great apostles and revelators of his day, he had to come to a place of resting in God's ability instead of his own. Just like God interrupted Paul's life; there are times that he will interrupt ours also to put us into the position/place that he needs us to be in. Some times he will not even allow things that we do to work the way that they normally do. Why? He does this to get our attention and to let us know he needs us to understand that we are totally dependent upon him. v. 9 most gladly therefore will I glory in weakness that the power of Christ would rest upon me.

I pray that he will speak great things into your heart, mind soul and spirit.

**Pastor Eric**-I Corinthians 16:18 and II Corinthians 7:13 we were comforted in your comfort because his spirit was refreshed by you all. (Titus refreshed Paul)

II Timothy 1:16 The Lord give mercy unto the house of Onesiphorus because he has often refreshed me, and was not ashamed of my chain. We know that the Holy Spirit has not left us alone. I pray for... all those Sunday school teachers that are on this line and you do not think that your kids are getting it. They are. It just takes time. For all those who feel like quitting your job and going to get another one, for entrepreneurs working two jobs, for single woman who are doing your best to raise your children and for the single man... You have refreshed us in our bonds. Elder Brown, it does not seem right, but it is.

We pray for the Caterpillar and State Farm workers and the janitor in three or four places and the church does not understand that you are called to the marketplace and the church. We speak to those who want to open your own social work practice or work with young children who have been battered, don't you quit. Ready, set, Go after it.

There was a time that I could not afford a good pair of running shoes. I am telling you to pursue with God with all of your heart. Yes your tax return will not fix your truck and solve all your problems, but God can.

Judges 8:4-talks about Gideon and his three hundred men when they came to Jordan. Though they were faint, they were yet pursuing and continued to cross over. You may ask pursue after what? Pursue after God-to the mother in the white dress going into the church and you have no one to help you pray, someone will come along. God will send someone alongside to help you.

Nucleus is when people gather around you. Last night IMI displayed this concept along with me when we drove 1 hour and fifteen minutes to bless others at another church and to keep them alive. We are the people that keep the people of God alive.

**Pastor Eric compliments Elder Brown**-Way to be in the vein of the nucleus of motion. Good job man of God!!

If you do not have a job now and have been without one since the end of last year; God is going to give you another job. He will do a miracle on your behalf and you will not have to move to another state. Fathers, mothers, children, adolescents, teenagers pursue after the things of God.
