Prophet Cathy Fontenot will be in Jackson, TN at Inspiring Ministries Intl. on Jan.13, 2012.

Pastor will be ordained an Apostle in March!

Acts 6:2, Acts 6:7

When the apostles were ordaining deacons because the word of God was going forth (1 Cor. 12:28) The apostolic movement needs helpers. 2012 will represent a day of delegated authority. This will be the year the body of Christ becomes really astute and studious. A deeper relationship with God will yield a deeper relationship with God. Your mind has to be locked into God.

This weekend was a training session for I.M.I. We were using the apostolic backhoe to dig deep in the lives of the people. True apostles know how to establish you in the things of God. You are part of a movement. This movement started with our Lord and savior Jesus Christ. We are joining with men and women who have been pioneering. Many men like John Eckhart and Arch bishop mark Dubois have trail blazed the work. God has put some very credible people in the work to assist us. If you have been in a ministry for a year and will not assume any responsibility, "shame off of you" You should be saying, what can I do next? How can I help? There were times that our churches were so large everyone couldn't do everything, but learn how to rotate the people. In 2012 will be a year where God's leaders will delegate like never before, you must have the heart of your leader and your movement! If you start a movement, make sure it's not taking us backward, but forward. Don't be bound by the weights of religiosity. Our theme this year is:

### **Ready, Set, Go after it!**

Ready- gives you the feeling to be prepared for something, as like a cadence.

Prepare for immediate use, mentally and physically. There is a cadence in the realm of the spirit has been sounding for years to come. It's time for you to prepare yourself for movement! God is trying to introduce new mine sets.

The number 11 represented sin and chaos. God was trying to make us stand at attention. He let some things dry up that were not beneficial. God cut loose what was not feeding us because he could not allow us to keep operating under certain mindsets. There was a lot of movement. Poverty got stronger this year. Our God Jehovah Jireh is the God of all power and provision. God says "I got a stone that the builder's rejected" All the world must stand at attention. We must enter into a mind of being ready minded. You must be attention to detail, feed it. Begin to prophesy over your situation. 2012 will be a year of set words; they will not fall to the ground. Success is not an option, but how successful do you want to be?! How much do you want to increase in the things of God? When you dig deep into the movement, it is establish people in such a way that they will not be broken when it comes time for them to do! BE prepared. A ready minded people must be prepared for a new action! The movement is what God is trying to get the world to see. When you hear the sound of the trumpet! GO AFTER IT!

2 Sam 5:20 True apostolic people operate in breakthrough anointing. People who are taped into the work of God understand they are called to go into regions and help release God's anointing and must have helper's. God is building a trust with leaders with the congregation. You have to know your capacity! Every moment is an important moment for everyone a leader spends time with. Somebody has to hear the cry that THE RESPONSIBILITY IS MINE.

If you want this series Ready, set, go after it! Go to the website, we also have hats and shirts with the logo "Go after it"

**WE HAVE GOT TO INCREASE IN EVERY ASPECT OF OUR LIVES!**

Open doors (Col 4:3) opportunities to go into different areas. Pray for the ordering and restructuring of the 2012.

When you hear Eric Newble Ministries, we are talking about Kingdom! There are more platforms in the kingdom of God than there are to stand still. We are taking our rightful place in the realm of the spirit to assume the responsibilities of the Lord God. If you're going to be accounted for the kingdom of God, get in the game! If you are always looking for the big things, you'll miss out on the small things that are important in the lives of people. God doesn't always make sense. But just hold on, God is getting ready to make sense to you. God in his specific timing is going to bring it to past.

## Praise Reports

Bishop Mark Dubois and Pastor Eric visited a church in Tucson, Arizona. The Lord told Pastor to lay his prayer shawl on Dorothy Parker who is an 87 year old mother. She asked for a prayer shawl. We passed a prayer shawl around and interceded over it on her behalf. The doctor's said if she didn't eat, she would die. She has cancer! She is NOW EATING after receiving her prayer shawl!

A woman called with fibroid tumors, Elder .Bernice Dunn prayed for her.

ENM received an email from a woman that as she was on the line, her son who had suffered ear infections since birth was healed.

There have been times that we feel like God will not come through. God specifically has you were he wants you. You are in the right place! The enemy will make you draw back! **DRAW NOT BACK FROM THE HIGH PLACE OF GOD!** (Heb 10:38) You cannot at any time question that you will be better off anywhere else. Things will come nigh your dwelling but will not stay.

Daniel 1:6: The Daniel's fast. God is cleansing us. We have some things we have to do. This fast is going to destroy the work of the enemy. The enemy doesn't want you to be discipline. Every new season requires a new discipline. God requires a death during every season. You cannot operate in an old anointing trying to move into a new place. You have to go through a stripping, breaking and a crushing. This new discipline is God set! These men that God was setting aside for his purpose were considered a nucleus. Shadrach, Meshach and Abednego. God does things in three's because a threefold chord is not easily broken.

Nucleus- a central point, a group or a mass about which gathers. The process of growth by gradual builds up. 1 Cor. 4 a man must be found faithful.

1 Cor. 12 the Apostle is the first fruit of the New Testament. God had to release a quickening spirit. Jesus Christ! There are three things that make up an atom. A proton, electron and a neutron! God is taking us into some places that do not look profitable this year! In a true nucleus there are three different levels of accountabilities that make things stronger.

This momentum was not created over night. Good leadership helps you to operate where God allows you. Apostolos means proton, the order of Mechelzedec. God has to try what you have in his imagination, Many are going through and getting lost in the process. Ps. 104:119. Worship introduces you into a doorway that God himself wants you to walk through. God's design for us is to make sure we understand that you will have a proton- positive people.

**Declaration**

"I am the Nucleus!"
