**Prophecy Pastor Newble**

I see pillars in the church that have been torn down. As I set my church in establishment and foundation. I will call forth the financial doors to be open and there will be no lack for the resources and I will pour out my spirit and I will call forth the gates of Ephraim and Judah and the people will come out and go out. Don't take for granted the things that I have placed in your life and in your hands. The relationships you have made down the years and because of your name it is going to be advantageous for you. It's not just going to be a church thing or a word thing but it is going to be by his anointing to put the emphasis on what you are doing now. It is time for my church to shine and bring her from the bushel that she was under to a city on top of the hill. She will be a beacon of life and will let the area of your professionalism and spirituality shine so bright.
