

The Trumpeter's Call
Jan. 17, 2012

Apostle Eric Newble- This is a prophetic line of training, where we also allow God to flow. Please send us an email if you would like to be trained.

Announcements

Jan 21 we will be the taping for IPTV and Jan 24 will be the official lunch.

Jan 24th & 26 will be the leadership symposium in Tucson, Az.

Jan. 29th I.M.I and City Fellowship will have a joint service.

Jan. 29th First Fruit Sunday.

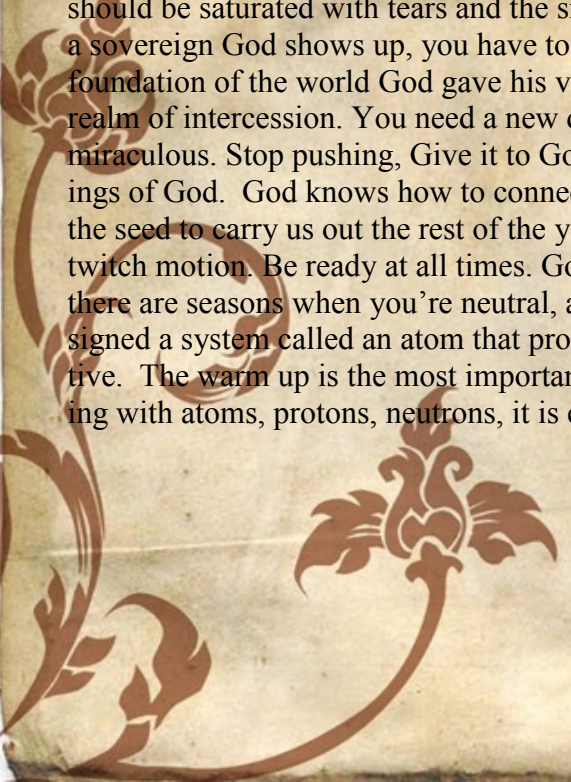

Eric Newble Ministries has designed a prayer shawl!

Prophet Cathy Fontenot was with us at Inspiring Ministries International this weekend and said she would also forever remember this house as a house where she received her launch. She is from the under the leadership of Apostle Jackie Green. She serves two houses the other is in Phoenix, AZ. We are very glad to be apart of the launching of Prophet Cathy's ministry. I.M.I is a drawing source.

We can work the work of God without breaking rank, it gives us the opportunity as successors and if we do things skillfully, you'll find that you have the help and support that you need. There is more that is inside of you and this does not mean you have to cut off what you have already received. We need to be healed in the ministry where we feel like we have to sneak around and keep what God is doing in our lives quiet.

Eld. Kendall Pummill- This was Elder Kendall's first time to Inspiring Ministries International and he is a very faithful hand at Judah International. One of the things that his wife Eld. Gioia Pummill wanted before she passed away. One of the things that draws people into I.M.I was the worship into the word of God. The love of the people was great. Great things lie ahead for the house of I.M.I. The enemy will try to stop the movement on the house, know that you are on the right path! This was not the last time he will be at I.M.I.

There would be nothing that could be done without the body. Stop being hard on yourself, no condemnation. There is enough stuff to fight in your own humanity. Our theme is Ready, Set, Go after it! The beginning of the year marks a great enthusiasm; it does not have to stop at the beginning of the year. On the trumpeter's call there is always propulsion. The word comes cross with such an authority and its coming from a blast of the ram's horn in the spirit. No move takes place without consistent prayer and intercession. You must be willing to submit yourself to God. The altar should be saturated with tears and the smoke of the presence of God because we have made ourselves sacrifices. When a sovereign God shows up, you have to let God do that inward change in people that we could never do. Before the foundation of the world God gave his very best and we must also make a sacrifice. Everything that you desire is in the realm of intercession. You need a new discipline. In the humility of our hearts is where God is going to begin to do the miraculous. Stop pushing, Give it to God. We can not make things happen in our time, they must be done in the timings of God. God knows how to connect things at the right time. God is trying to give us a central theme, placing in us the seed to carry us out the rest of the year. Running takes a certain posture, there are times when you need a fast twitch motion. Be ready at all times. God has designed for mankind to have a proton and an electron experiences and there are seasons when you're neutral, a place of being still. A place when it feels like God is not speaking. He has designed a system called an atom that promotes growth in everything we do. If you stay in neutral, you will be in effective. The warm up is the most important part of the race. It's a setting of a mindset and a posture to be active. In dealing with atoms, protons, neutrons, it is called team ministry, a company. The importance of the company is a team.

The Trumpeter's Call
Jan. 19, 2012

Announcements

IPTV will be recorded on Jan.21 and the Live Launch of **IPTV** will be on Jan. 24
Pastor Eric will be ordained as an Apostle on March 30, 2012 during the conference
in Mackinaw, IL which will be March 28-30.

Daniel's fast is still underway and will conclude on Jan.22 and the strategies of intercession are still available on
www.ericnewble.com

Consider sowing and becoming a covenant partner of www.ericnewble.ministries

Continue to pray for Pastor Eric in all things.

On Jan.29, 2012 we will be having the first fruit offering ceremony at Inspiring Ministries international
There will be a joint service on Jan 29th with City Fellowship and Inspiring Ministries International.

True apostolic ministry is not just confined to the local church. It's about ordaining individuals and sending them out.
You must have staff with a ready mind. When we lift up Jesus Christ, we will see the world bow at our feet. We need
to hear inspiration.

Your loved ones are coming back to God!

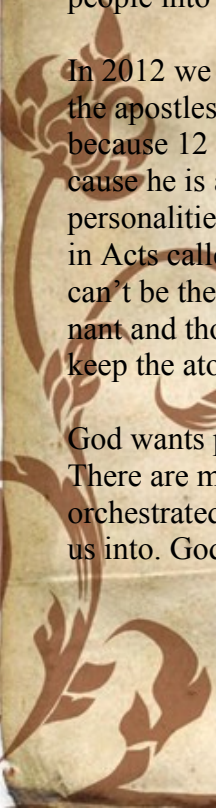

The Theme for our ministry in 2012 is Ready, Set, Go after it. It's about motion and movement. The genius symbol is
used in the aspect of inspiration. 2012 is not going to be a year of struggling with purpose; we are in a year of being
released into new places with God. We have been hearing words like atom, nucleus, neutrons, what you have heard is
about the activation and implementation of the Apostolic. There are horizontal and vertical apostles. This shows the
release of God's presence into the earth realm. If you want a deeper relationship with people, you have to have a
deeper relationship with God because God is in love with his best creation, which is his people. When he created man-
kind, he rested because he had created something worth while. Everything about you is about other people. Every verti-
cal calling that you have must be transformed into horizontal relationship. You have to let God bring you to a place of
forgiveness in relationship. It is critical for us to be in the nucleus. Many start getting sluggish and slothful and loose
our momentum for 2012 and will redevelop the disciplines of 2011.

Sixty to ninety percent of money is made within the first month of the year. We can not continue to operate behind the
eight ball. We must do it when God declares it! Everything that God desires for you to have is within the nucleus. We
have to continue to build the momentum, the momentum is vision. We are coming into agreement with momentum. It's
movement. God is going to use one person to start a revolution. In the first month we must do a great job gathering
people into a cluster that sees the will of God!

In 2012 we recognize the number 12. (Rev.21:14) In the book, The Church of the New Testament, by Kevin J. Conner
the apostles could have kept operating with eleven apostles but chose a twelfth. God could not allow Jesus to have 11,
because 12 means order and government. You have the 12 sons of Jacob, God is using the number 12 specifically, be-
cause he is about to establish us like never before. Everything we keep hearing is God giving us verses to establish
personalities. Stop being confined to how every one else does worship. A nucleus is team ministry. There is a language
in Acts called the Apostolic Company; many of us are protons, positive people who bring a positive charge. Everybody
can't be the head, but this doesn't mean that can not work together. We must be able to identify those who are domi-
nant and those who are not. The Neutrons are that neutral aspect that holds things together. God has to have people to
keep the atom together. All things have there central focus.

God wants people to bind together strong! Promoters and encouragers bring change.

There are many examples of team ministry in Acts 13. Many of us need to recognize that the place your in is as being
orchestrated by the work of God. You can not get weary in well doing. This is a very critical time that God is launching
us into. God is allowing you to tap into the true spirit of the Apostle! (1 Cor. 4) Do not judge things before time.

We need physicians to travel with the team to validate the miracles. God is preordaining you to go! Do not get locked into the people but the personality of the people. You must understand your assignment. Apostolic ministry must try every ministry. You are God's word activated. Miracles break forth that unbeliev realm. This is not a bunch of mis-haps, its God's prosthesis. Understand your position and stand your ground. God is positioning us in things like never before.

Gateway city means information flows in and out. The door of utterance, these are platforms.

We have a mission to maintain and progress. The kingdom and the local church are not divided. Kingdom is about making sure the house of God is fortified. Stand at attention! You are an active participator! Come off the sideline and get in the game. The body is building apostolic companies!

The word of the lord to Pastor Eric: You are seeing yourself way to small; you should be taping everything you say. The prophetic word is so strong it should not be treated lightly.

You can not treat this like something you choose to do. Maintain your place in God with diligence and commitment.
