

The Trumpeter's Call
Dec 6, 2011

The Trumpeter's call is a prophetic prayer line, a mature line. We talk about things that are going on in the body of Christ and lock into intercession and prayer on the behalf of those things. You can be in a dry and desolate city, pray study, sow into it, and serve it. (Gen.2, Is.14, prov.11) We serve God but he serves us better! God desires us to live a prosperous and fruitful life.

The Predestined love, God's model ministry was a huge success! The discussions included Grudge grip, Mad for nothing grip, Easy grip.

We are not called to be bound by social and governmental addictions. We are a free people who are called to live an abundant life, which is about life, love and peace. We need to be free so that we can operate in our authority. We have to have a made up mind that we will not live our lives angry. You can be in a dry and desolate city, if you pray study and sow into it and serve it. (Gen.2, Is.14, prov.11) We serve God but he serves us better! God desires us to live a prosperous and fruitful life.

There is a move of God that is happening in Tennessee! People are coming together, there is a new anointing, and he is sending new people. Continue to pray for the city and state.

In 2012 there's going to be a 30 day challenge, there will be a greatest push when it comes to the covenant partnership. ENM needs a consistent flow of 20 people to sow 200 dollars a month.

I Cor.16 (the great door)

The door is a realm of opportunity. It is not just for the local church. What do you do when you know you are supposed to walk through the door and it will not happen? Some of us have locked into places that are just about you and God. There are places in the realm that God has designed each of us to step into. This does not mean it's going to be easy. (Joshua 6) Some of us need to allow God to break us into a new frame of mind to do something difference and a new mindset that will enable you to step into a whole other way of living. Jericho means the place of fragrance; it was a place that was shut up. None went in or out. A gateway is a place where commodities can come in and out. (Duet 20 brass heavens) There are certain regions that no one thinks of going to college. Jericho is a place that God gave the children of Israel to step into and to conquer. People who are angry all the time, God allows you to be in so many different situations in your "Land" so you can deal with your angry. God is trying to break something in you. There are some things that are laid out for the local church that we have not yet tapped into! Be an ambassador of the job you have. God is trying to restore his systems, which were set up for us to prosper. There are certain places in certain cities that battle strong holds, the same for families. **WE ARE ON ASSIGNMENT TO TAKE TERRITORIES!** Gateway cities are about to be released. The Apostle and Prophet cannot be controlled and are not readily accepted. Declaration: "I have an open mind and spirit" We do not want to be people that go around ranting about anything, but when God releases a kingdom agenda to move! He has kingdom strategies of how he wants them carried out. We have to lift up the arms of the Apostolic and Prophetic anointing. For those who serve under someone as an armor bearer you must follow closely, when you draw away things look different. We lose things in translation. They people of Jericho could not shout until the instructions were given, if we are going to conquer physical and spiritual territories for Jesus Christ, we are going to have to follow the kingdom message to it's fullest. God wants Joshua to always be reminded, not by might, not by power but by God's spirit says the Lord. Your knowledge means nothing if it is not inundated by the grace of God and his presence. Kingdom agenda's must be followed by the blueprint given by God. If we are going to be a true company, we must understand ranking. God is going to work a great blessing! (Micah 2:13) The world is plastering stuff all over the streams! We must take territories. Territories are the mindsets of people. God has never designed for you or the local church to let the devil take over while we sit back and do nothing! You have to open your mouth! In the kingdom God, it is imperative to be used by God like you never have before. It's time for us to recognize that the world system is not our source. God give us a deeper conviction! (I kings 17) Don't get upset when your metron is not just to the local church! Jesus has always been the minority but he has always won. Intercede that the saints do not turn back or get off track. One of the major ways that the enemy is using to halt us is through us hurting each other. Help make things better, don't stand back and do nothing. Find people to intercede with you! There is a breakthrough spirit on the inside of you that will never be completed until you break out to break in!

God is absolutely phenomenal, the services at Inspiring Ministries International were such as like a revival. Pastor declares he is living his dream and he declared YOU ARE ABOUT TO LIVE YOUR DREAM!. God wants us to be direct about what he is doing in us and for us and has not forgotten one thing he has spoken to us.

Sunday night at Destiny Church in Jackson, Prophet Daniel Pringle released a word so specific to what God has put in Pastor Eric's heart. God is moving! Get in the flow of the Holy Ghost! There are things happening in the realm of the spirit. It is the zeal of the Lord of host that puts things in divine order that enables you to walk in the way that God desires you to walk. You need to walk by the Zeal! "I receive the zeal of the Lord of Host."

There is a move taking a place that is jumping off all over the country! By the spirit of the Lord of Host God is pulling things together! Step In! Feel the excitement in the atmosphere! Some things are going to break in you!

(Joshua 6) Jericho was shut up, nothing could go out or come in, God says before I can bust open the brass heavens I must break open the fallow ground in the people. Some of us have great riches and revelation on the inside of us, God has to release us and show us how to be free in the realm of the spirit, THERE IS MORE ON THE INSIDE OF YOU! You are a gateway city! Innovation is inside of you! If you want to be broke open by the spirit of God, you must receive. God allows flesh to break down to allow his spirit to come through you!

This Call is titled...THE SHOWDOWN, it's time for the Holy Ghost to have a showdown with every demonic thing in your life, every excuse! You have to come in agreement! God was trying to prove there were no principalities and power. When you don't know of the costly oil that's on the inside of you, you better reclaim!

Your process is going through the prophetic and the anointing gateway process! You have to take your stuff by force! We can not claim territories in the natural unless you can claim territories in your selves

Prophetic Singing--"I break up the fallow ground in my life, We change this atmosphere!, we reclaim! We reclaim finances, we reclaim your dreams, we reclaim your life, we reclaim salvation! I reclaim all the things I ever lost and I am changed, for ever and ever!

Child support payments are being released to single parents! The enemy wants to stop our Minstrels, he wants to send them to the world to make a lil' change!

Eld. Jackie Hendricks: Divine ability to grab and hold the words released! We are reclaiming momentum. Move with the thrust of God. No affliction shall arise for a second time. May our mind sets be changed! We are reclaiming the apostolic and the prophetic be restored. May it leak into our children and go into the school system! We are reclaiming our cities! I will not be shut up!

Words released: Glenn: you thought you ran hard in the past, but there is a zeal locked up on the inside of you, I have call to be different! I will not be depressed anymore! They trying to strap you down.

A new move taking place in California

Georgia will no longer be known as a place of perversion but a place of holiness

We reclaim our black men. Spirit of murder that has been assigned to the black man, we defy that principality! Come down.

One of the characteristics of a apostolic church is they possess the ability to breakthrough! Ignite the believers!

You don't have to live angry and frustrated! We have too many venues to operate in in God. The way the enemy is designed, he imitates God's divine authority! As God has set men and women, administrations, operations and governments, the enemy has tried to imitate each one. What gatekeeper has he set against your family? What assignment did he set against your family? See your enemy trying to stop your metron, your measure of faith? This is when you recognize that he is after anything that is coming through you.

Appreciate where you are first. You are fighting one another, when you should be fighting the enemy.

Continued....Dec 8th

Bennie Stone- there is a pureness in you that the enemy is trying to pervert. The enemy would love to hinder before any great momentum takes off in your life

Pastor sees a stadium, he sees thousands. Rise up believers! Dream again! Believe again! Redeem the time! You know how to worship God, if you need some deliverance and you know there is a spirit in your life, you need to get someone to hug you, you're first priority of being created was to worship God! Be apart of the greatest move that's going to take place...The move of God! We need to be delivered! A mighty deliverance!

you.
