We are delighted to be with you. We have been on an apostolic journey. God has been most gracious to us to cover where we needed him to. **Announcements:** Saturday, December 3-Predestined Love Marriage conference in Jacksonville. Welcome home Bishop Mark and Pastor Eric. We want them to know that we appreciate them; speaking of which we are so happy that Bishop Mark is here with us in person today. If you would like to join us in Covenant Partnership, please visit our website. In the upper right hand corner of the home page where it says "Giving Online" and you will find information there how to partner with us in this move of God. Reach out to those around you and share the line with others.

Pastor Eric-For those of you who participated in our fundraiser, we want to say thank you very much. It was very successful. You are a mighty company (Joel 2) you are a mighty people and never shall there ever be another like them. God is building a strong foundation in us as the people of God. Philippians 2 he that has begun a good work in you shall perform it. It is a building process and it takes years. We need a sense of sensitivity to the spirit of God as we go about our daily lives and remember that our next generation will carry out our work in the kingdom of God.

Thanks to your generous support, we do have the software now to do live streaming. I am all in. My purpose is to help make an opportunity for those who are being called by God to come to the forefront. I do not have a problem being a building block for another. Don't allow the enemy to distract you from locking into the move of the spirit of God. The enemy will be able to access and utilize a lukewarm church that is not locked in to the place of intercession and which are not adamant or obedient to the move of God in the church. We can not afford to give him the opportunity because we are purposed to help people enter into the next dimension. Intercession precedes the move of the spirit of God. Intercession and worship are one and the same. Numbers 10 Judah was the tribe that went first. God wants intercession to be made about every single thing so that you can get the mind of God.

We are in a world where the young, the elderly carry a strong spirit of intercession. I went to a ball game last night. All of these young men gathered around me while I was at a basketball game. Why did they do this? God has placed something special into you intercessor. You are going through what you are going through because the enemy does not want you to shine with the spirit of God. You have something special. Don't allow the debris and stress to hinder you from shining. John -I am the light of the world. You are not tired believer. If you feel tired then you are not operating by the spirit of God you are operating by your flesh.

I have been with Bishop Mark for the last seventeen, eighteen years to work and wrestle with him. It has been joy. I can honestly say that he is my Father. It has not all been easy. This is what apostle Paul and the enemy was doing. While we were out on this last missionary journey, I saw people who did not know they were about to receive, they just knew that there was a knitting of God with their spirit. We see people like this regularly who come in one way and leave another. When we come in to a church we try to discern what spirits are working there. It is very tedious work and we strive not to miss anything. There is a lot of work that needs to be done. Apostolic ministry is time released. You are not just attached to something small or an individual movement by itself. This is a kingdom-wide apostolic move of God and it has a certain velocity that it/we have to move at. God has a God ordained way of setting things out in proper order. We were in Tucson, AZ this past weekend. God has been using us to work with several churches in that area for the last fourteen, fifteen years. Some of them had not had any apostolic structure or teaching until we arrived. We are going to start doing more apostolic teaching on the line. When we return from these apostolic journeys, there is so much to talk about. We are excited and look forward to the time real soon where we can interview the man of God when we return from the apostolic journey.

Bishop Mark -His preparation was awesome. It needs to be put on video so people can see it. He sat on the keyboard and trained people with new music, just like he does at home. My platform is to platform other men and women of God. It was awesome to me to watch the word of God be communicated so prolifically. I sought for a hedge to be placed around us. I taught a little bit about armourbearing training while we were away. We have more armourbearer classes coming up on Sunday mornings at 9 am central standard time. Please check our website. We will be streaming them. You do not want to miss it. Bishop Mark tied a rope on his feet and hung some bells on his robe so that he could reenact Aaron the High Priest. He spoke about Ezekiel 37 and overlaid it with the priesthood. It is a testimony of what God has done for us to go into a region where there has been a change in the heart and spirit of the people. The videographer and the photographer should chronicle the things that show forth the work and the will of God being manifested. This is a special concern to me and I believe that the photographers and videographers need to be watchful and on their posts. The gifts of God are for the house of God. We must capture the legacy that we are leaving so it can be carried on.

You are trendsetters. Be an original in the Holy Spirit. I'm all in. I'm all in to the work to see the will of God established. I am all in concerning being called to the apostolic work of Jesus Christ. You never know when God will call you in the spirit to intercede. There was a man of God who had been preaching for several days. He was on the east coast where there were several hills and he was sleepy and fell asleep at the wheel. The car was about to go off the road when the people of God felt the burden to pray. As they prayed, suddenly, the car was jerked back on the road as if someone had pushed it back from going off over the side and the man of God awoke and spared a tragic fate.

Bishop Mark said that 2012 is a year of order and establishment and patterns. If you are not in shape, then you need to start getting in shape. 2012 will be a year to be prepared to come along for new journeys with us. Prepare financially so that you can go when it is time to go.

We are really going to delve into this area of apostolic teaching. The Apostles and the Prophets are called to bring revelation, insight, order, structure and government. You never can get too much information about these ministry gifts. This apostolic movement is so strong that things that were taught three years ago that are now no longer relevant. They are going to have to be re-taught and we must re-discipline our-selves concerning these things. The gifts of the apostolic and prophetic refresh the men and women of God.

Gateway Cities-is an airport or seaport that serves as the primary arrival and departure point for a specific location. On the Illinois river we have barges that go down the river and move resources and move them from one place to another. San Diego is another example of a gateway city. It is able to transport materials. New York, New Jersey are some other examples-water- word, word -water (Psalms 46) there is a river whose waters make glad the city of God.

God wants to be introduced into new territories. He wants to get you to be front and center which puts his son Jesus who is in you in prime places. Don't even plan to say what you will say when you are placed before magistrates. I am about to position you with an anointing of confidence. You must use tact but God will give you opportunities to release words by the spirit of God. It could be at a ball game, etc. but it will come forward. I am and you are a gateway.

Mackinaw, IL is a gateway city. God is going to bring notoriety to these cities so that people know that influence goes with these places. You are the airport, gateway and entry point.

A Gateway City is the flanking Old Testament term for you, who are the portable temples of God which assist others into the spiritual realm that is unseen.

The Trumpeter's Call is a Gateway City. The thrust is intercession and training. In Gen. 28 Jacob is about to be changed to Israel. He is standing at the end of a ladder. We must understand that the apostolic and prophetic have been divinely positioned to help connect others to Jesus. The things they communicate are only able to be articulated because they have been with and have seen it themselves. God took them up so that they could experience him and what he had to say first hand. Gateway Cities have access into the presence of God. Jacob who had all the twelve tribes of Israel on the inside of him was granted access into the throne room and was given the opportunity to go into the heavens through his dream so that he could now bring something into full existence in the earth realm where he still dwelt. Apostles must have the Revelations 4 come up hither and I will show you things that must be taken place hereafter experiences. God continually takes them up to show them things so that they can return and bring back those truths and revelations back into the earth realm. If there is truly an apostolic movement then there must also then be an apostolic people. Apostolic people understand that the apostolic movement must continue and the fuel for the movement is your life. I am not talking about it in a sadistic way. I am talking about people who are so desperate after God that they are willing to lay down their life to the point that they would sell their house and bring it into the kingdom of God if he told them to do it. Apostolic people understand who they are and that they are so important to the move of God. Acts 2-4 the church does not have to be broke. The enemy tries so hard to bind our finances. You must get back into right position for you to finance the move of God. I am talking about Jacob who is to be called Israel who had twelve tribes in his belly. The apostolic must see so far down the road. It is the spirit of the antichrist that wars against the apostolic. Dreams can only be established in an apostolic company. We must keep the apostolic leaders alive. We as the body must supply the blood by flooding our senior leaders with love and adoration. Flood your pastor your leaders with encouragement. The apostles are called to impart apostolic gifts to the church. You are the apostolic people who must see past the natural and into the presence of God and speak that which you see and hear to those around you.

The Trumpeter's Call—Nov.24, 2011

The Lord Jesus Christ is so gracious and kind to visit his people

Dec.3, I.M.I will be having Predestined Love, God's model marriage ministry

We have been very fortunate. There are times where something just comes up out of you, If there is something that you can pray for Pastor Eric about it would only be tiredness in the body. If God spoke it, God is going to continue to supply and provide. I Thess. 5 (thanksgiving) God has developed in Pastor Eric a spirit of Thanksgiving, when we have this spirit it makes us strong. Pastor Eric is so thankful for the opportunity to walk with people who appreciate the labor that he is working with and is thoroughly thankful for good family and friends. Pastor Eric says "I am living the dream that I am praying for years ago" There are so many times that we ask God for something and at the very moment that we ask, we feel the work of it. God needs for us to be in position for! God is allowing us to walk with in our dreams. We have to be mindful for where we come from. We are God focused everyday. Everything about us is about the power and the glory of God! The spirit of thanksgiving wraps itself around the spirit of worship. The Lord Jesus Christ is setting a place to create your praise. There are places that God has created in our lives, that we need to set up a monument.

I Chron 15:15 David had a desire to bring the Arc of the covenant up. David did not seek the Lord after the due order. David saw that this seemed good in the eyes of the people. David had a good desire. But he did not enquire of the Lord. That's frightening that we do not seek God in a lot of situations of our lives. The Arc of the covenant to always be bore on the shoulders, not on a cart. The Arc in its natural state was never as heavy in its natural state as it was in the spirit, which sets us up to carry the glory of God, the arc was a doorway! When the arc was on the move, enemies would flee. David was bringing back legacy, declarations, warfare, the true authority of God, but more than anything God was bring back an eternal portal. David knew that if he could get the Arc back to Jerusalem, that people would be in a place that had no limitations. Our minds are not defined or confined by our natural possessions. In the realm of the spirit God is good to us!

Thanksgiving, the early pilgrims sat down with the early Americans, they didn't have an appreciation for them. Conditions drove them to accept them. The Arc of the covenant gives us access into another world.

Obed's house began to prosper when the Arc was in his house because of the presence of God. Be thankful that God is God! Seek God! Take this time of worship and set it in a place God desires for it to be set. Prepare a place for thanksgiving! Press into that intimate spot.

Strategies of Intercession

Leadership strength

Pray for warfare

Pray for the new year, In 2011 more water damage was done than in any other year. This is synonymous to the work and will of God.

Pray for order as God is going to restructure, God is going to arrange things like he never has before

Pray for our cities

Social and moral climate, these things are going to get bad.

Illegal relocates, high up crime trying to look for places to do their business

Governmental favor

New outreaches, its our responsibilities

Father to son relationships-God set in authority in men first and males are out of place most of the time. The enemy works hard at destroying men. It's an epidemic that 1/3 of the men in the jails are African American.

Collaborations of other ministries
